ABOUT THIS VEHICLE

A 2021 Peugeot Rifter with the 1.2 petrol engine and automatic gearbox with steering wheel paddle shift. The short wheelbase makes it easy to drive, park and manoeuvre. One owner from new, direct from Motability, with full service history including a timing belt replacement in 2025 at 36,200 miles (service and MOT history is on our website). 48,800 miles from new, with two keys and remote central locking. Converted by Allied Vehicles with a lowered floor and manual ramp. A wheelchair or mobility scooter user can travel comfortably with good headroom, plus four seats. Finished in stunning metallic bronze, a true autumnal colour.

WHY BUY FROM US?

- Family run business
- AA Cars Standards & Trading Standards Approved Code
- 6 month / 6,000 mile in-house warranty
- Free delivery within 100 miles (or £250 off if you collect)
