ABOUT THIS VEHICLE

A 2016 (66 reg) Ford Tourneo Connect Titanium wheelchair accessible vehicle with the economical 1.5 TDCi diesel engine and automatic Powershift gearbox, which has been serviced, a key maintenance point on these vehicles. As with many specialist wheelchair accessible vehicles it has had several owners as mobility needs have changed, but it has a full service history. We know this vehicle well, having supplied it previously before buying it back from our customer. With just 47,000 miles from new (about 4,700 a year), it is finished in attractive metallic gold, which stands out from the more common silver and grey.

WHY BUY FROM US?

- Family run business
- AA Cars Standards & Trading Standards Approved Code
- 6 month / 6,000 mile in-house warranty
- Free delivery within 100 miles (or £250 off if you collect)
